

## 2025 Clinisys Customer Summit (CCS)

### Event Justification Letter

Through the consolidation of Clinisys, Sunquest, HORIZON, ApolloLIMS, Atlas, and Promium we continue to expand our global presence and expertise to help enable healthier and safer communities. We will be sharing the next steps within our vision and roadmap of the integrated, digital future along with thought provoking leadership presentations and training. The first 1.5 days will be of special interest to Laboratory leaders and executives plus training sessions, while the second half of the conference will be devoted to training sessions.

With Clinisys customers in attendance of our third annual CCS, the company's leaders will continue to share next steps of the Clinisys journey of helping enable healthier and safer communities around the world. For those that may not have attended a CCS, this event replaces the previously held Sunquest User Group (SUG) annual conference and HORIZON Laboratory Systems Technology Forum.

CCS plenary sessions will feature thought leaders who will share their perspectives on the industry and describe the laboratory of the future. The event will continue with a full agenda of education and demo sessions designed to help users optimize their use of Clinisys products today, as well as valuable sessions for managing the many challenges of today's laboratory business.

At CCS 2025 you can expect to:

- Explore the latest in our CLS all-in-one platform, designed to drive digital lab transformation.
- Hear the latest on our journey into Cloud, Analytics, and GenAI.
- Take advantage of an opportunity to engage with industry experts and peers.
- Experience live demonstrations of Clinisys' products and solutions.

Meal times and breaks between sessions are ideal times for networking. Laboratory professionals representing Healthcare, Contract Services, Public Health, Toxicology, Environment, Water, Food & Beverage, and Crop Sciences will be in attendance.

CCS 2025 will be held Monday, April 7 to Wednesday, April 9 at the Omni Tempe Hotel at ASU in Tempe, AZ. The negotiated conference room rate is \$269/night, plus a \$12 destination fee, and 14.07% tax. Room reservations must be made by March 6, 2025.

Full conference registration costs \$1,000 until December 31, 2024, and includes all sessions and meals, Monday evening to Wednesday evening. After December 31, 2024, full conference registration costs \$1,200.

The nearest airport is Phoenix Sky Harbor International Airport (PHX). Air and ground transportation arrangements must be made separately.
