

Clinisys Customer Summit (CCS) 2026

Event Justification Letter

Clinisys is a global leader in laboratory diagnostics and informatics, committed to helping enabling healthier and safer communities through innovative solutions. The 2026 Clinisys Customer Summit (CCS) is our premier annual event, bringing together customers from across industries to explore the future of laboratory science and the Clinisys solution portfolio.

This year's summit will provide a unique opportunity to hear directly from Clinisys leadership about the company's strategic vision and roadmap. Attendees will gain insights into how Clinisys is driving innovation to support laboratories in healthcare, clinical pathology, genomics, toxicology, soil, water, forensics, and public health sectors.

New for 2026, we are expanding our **Healthcare-focused content** with additional sessions tailored to the needs of clinical and hospital laboratories. These sessions will provide deeper insights into regulatory trends, operational efficiency, and how Clinisys solutions are evolving to meet the demands of modern healthcare environments.

Key Highlights of CCS 2026:

- **Plenary Sessions** featuring industry thought leaders discussing emerging trends and the future of laboratory operations.
- **Educational Tracks** designed to help users optimize their current Clinisys solutions and address today's laboratory business challenges.
- **Live Demonstrations** of the latest Clinisys technologies and product innovations.
- **Peer-Led Learning sessions** where attendees can hear directly from fellow users about real-world implementations, lessons learned, and success stories.
- **Expanded Healthcare Sessions** offering targeted content for clinical and hospital labs, including case studies, solution deep-dives, and expert panels.

Why Attend:

- Discover new strategies to enhance lab management and deliver high-quality patient care while staying compliant with evolving regulations.
- Explore technologies that can help grow your business and modernize your lab operations.
- Connect with peers and experts to share best practices and build lasting professional relationships.
- Learn from fellow attendees through peer-led sessions that foster collaboration and practical knowledge exchange.

Mealtimes and breaks between sessions are ideal times for networking.
